wish you knew how to MAKE YOUR OWN AD? give this a try!

We discovered a great collage-making website called postermywall.com that allows you to build high resolution collage pages filled with as many pictures as you wish. For \$2.99 you can download a high-res version of your design and simply send it to us! You can go to this website and build your design for free; you only buy it if you like it! Give yourself a few minutes to play around with the dragging of photos and the manipulation of text, and you'll be amazed at what you can do. And once you've built the ad that you like, simply pay for the \$2.99 version of it and give that to us! Let us walk you through getting started - and then you can play to your heart's content!

- 1 Go to www.postermywall.com & click on "Create A Design" on the homescreen.

- 2 Choose the option to begin with a "Blank Canvas" template.

- 3 Decide what size you would like your ad to be and select the appropriate design type.

- 5 After you have chosen the orientation of your ad, choose the background color by selecting "Solid Colors". Pick your color and hit "Apply". No need to stress about this color now, you can always change it while you are designing your ad.

- 6 Now you're ready to create. Click on "Photo" or "Text" to add items to your page. You can also choose the "Background" button to change the background color of your ad. Get playing and have fun!

- 7 You'll see a button after you pay \$2.99 that says "Download JPG File". Please download this high-res file and attach it to an email to cchsseniorads@gmail.com (**carefully note spelling of this email address - 3 s's!**) Please include your **username & password** for postermywall in the email just in case we need to grab anything from the site for you!
